

Mary Mountstephen's Behavior Management workshops

SEPTEMBER 21
INTERNATIONAL

Inclusion Friendly Classrooms:

Promoting Positive Behaviour and Positive Behavioural Support for Individuals and Groups with a Range of Needs Including Asperger Syndrome, ADHD and Social, Emotional and Mental Health Concerns.

KidsCanSucceed Training U.K. Solving the learning puzzle

Target Audience: teachers of kids aged 4-13, clinicians, parents and support workers

By the end of this training you will:

- Have a basic understanding of the main types of behaviour difficulties
- Be familiar with research-led strategies to manage these behaviours effectively
- Gain knowledge and confidence through access to case-studies
- Learn a structured intervention programme that improves classroom performance
- Gain access to discounts for specific intervention programmes and resources
- Be able to advise on support programmes for use in schools or for parents
- Be awarded a certificate of continuing professional development from KidsCanSucceed, a recognized expert organization in this field.

Mary Mountstephen MA (SEN), Learning and Development Specialist

Mary Mountstephen is a UK based learning development specialist, working internationally with schools, clinics and national organizations. Her company was set up to support those working with kids with learning differences. She is the author of popular books in this field and can provide 1:1 consultations on request.
