

Victoria Carlton's STAR Program for Children

a targeted approach to improve literacy skills for Children K2-P3.

STAR stands for **s**tudents **a**t **r**isk.

Many children fail to thrive in our schools but often possess high intelligence. They need a targeted approach that addresses their specific learning styles and needs.

This program increases learning enjoyment and leads to positive academic outcomes.

Children will work in small groups (maximum 8) to improve basic skill levels so they can reach appropriate literacy levels.

- These very explicit, targeted and “hands-on” sessions are based on a huge amount of research with literally thousands of children in Australia and Singapore.
- We have developed many multisensory, enjoyable and unusual ways to get even the most reluctant readers and writers enjoying the process.

John Warren Chambers

" Reading, Phonics, Poetry and Chess are the secret to academic success."

'B.ED (NZ) Educator Victoria Carlton's Mastery trainer & Jolly Phonics (UK) Accredited Trainer- Singapore & South Asia. He has more than 25 years teaching experience. He is passionate about and an advocate of Phonics, as he believes Phonics is the 'backbone' of literacy. Learning the very important phonics foundation of literacy leads towards faster independence in reading, writing and comprehension.
