

Victoria Carlton's Budding Poets for Children

A holistic approach to boost creativity for Children K2-P6

Calling all Budding Poets!

ALL of us have poetry burning within us.

Every child (and adult) can write poetry and learn to express themselves freely and creatively.

In this workshop children (6-12 years) will learn to use a variety of poetry forms and also learn to write free verse!

- ALL children will have their work published in a special CHILDREN'S GARDEN OF POETRY anthology
- We have developed many multisensory, enjoyable and unusual ways to get even the most reluctant child enjoying the process.
