

Victoria Carlton's Social Emotional Program

brought to you by EQ4KIDZ

This nationally acclaimed research-based program has helped literally thousands of children to improve emotional intelligence & increase motivation & self-confidence.

Independently researched by Curtin University, Australia.

EQ4KIDZ has 5 modules & is designed to help children as well as adults

- Increase self-esteem and confidence
- Understand and manage their feelings
- Develop strategies to handle frustration and anger
- Establish healthy boundaries and become assertive
 - Deal with bullies
- Become happier with a more positive attitude
 - Increase personal motivation and become self-directed learner
- Become an active contributor by forming goals and developing the ability to "follow-through"

In this learning process, participants learn to develop their resilience and to respond positively to life's pressures.

Victoria Carlton (a.k.a. The Child Whisperer)
